

In-Home Cleveland Dog Boarding

WE LET THE DOGS OUT!

* * * * *

Going out of town and not able to take your four-legged child?

Don't send your loving dog to a kennel, let them vacation at my home and be treated as our family member and do everything we do! I am home all day with your pampered dog. I have a 2,000 SF ranch home and almost an acre of fenced-in land.

If your dog usually sleeps in a crate at night, he or she will spend their nights blissfully sleeping in my indoor doggy condo with padded flooring for extreme comfort.

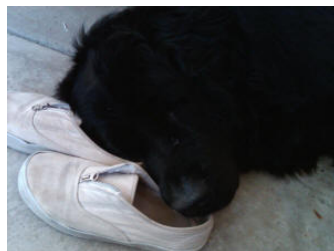

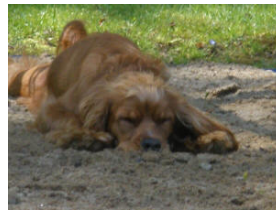

If your dog usually sleeps in your bedroom, then he or she will spend their nights snoring in our bedroom.

I have ten years experience of taking in dogs; either rescue, foster or in-home boarding and have been owned by dogs all my life. I am very familiar with many breeds and adore each one for their unique qualities, including mixed breeds.

Your pet must be obedient, well-behaved, no bite record, and current on all vaccines to be welcomed into my home.

The vacation season is coming up soon and slots are filled very quickly. You will be asked to complete an **In-Home Boarding Questionnaire**. This enables me to provide the most comfortable experience for your pet! Then we schedule a meet-and-greet so you can be assured your dog will be as happy as I promise them to be. And no, I do not offer 2-legged summer camp as most every one of my human clients has asked once they see the accommodations.

Just look at the tail-waggin' good times my customers have ...
